### Overview

#### T200 BATTERY TESTER

cod. 802517

Tester used to verify the charge status of the 6/12V batteries (WET, GEL, AGM, PbCa). It is very compact, practical, easy to use and allows operations without disconnecting the battery from the vehicle; this is an enormous time saver during testing operations which become quick and easy to perform.

### Technical data

 CODE	CODE 802517	 CHARGING VOLTAGE	6/12 V	 BATTERY CAPACITY	20 - 100 Ah
 DIMENSIONS	11,5 - 5,5 - 23,5 cm	 WEIGHT	0,475 kg	 EAN CODE	800489736310 3
